

FOI 12.17.01	QUESTION:	YOUR ANSWER:
Section 1: ACCIDENTS IN THE HOME	A: How many people have died in the past year (Oct 2016 – Oct 2017) due to an accident in the home?	<i>From the data recorded, the Trust cannot identify deaths due to an accident at home.</i>
	B: How many children aged 0-18 have died in the past year (Oct 2016 – Oct 2017) due to an accident in the home?	<i>See answer above for Mortality</i>
	C: How many people aged 65+ have died in the past year (Oct 2016 – Oct 2017) due to an accident in the home?	<i>See answer above for Mortality</i>
Section 2: ACCIDENTS IN THE HOME (A&E ATTENDANCE)	A: How many people have attended A&E in the past year (Oct 2016 – Oct 2017) due to an accident in the home?	<i>The Trust is unable to answer the A&E element of this request for the time period specified. The new Emergency Care Data Set will facilitate this type of request going forward as there are now fields that would enable the specification of location of injury as it includes around 'at home' when interrogating the data. This dataset was adopted during October 2017 (A&E answer)</i>
	B: How many children aged 0-18 have attended A&E in the past year (Oct 2016 – Oct 2017) due to an accident in the home?	<i>See answer above for A&E</i>
	C: How many people aged 65+ have attended A&E in the past year (Oct 2016 – Oct 2017) due to an accident in the home?	<i>See answer above for A&E</i>

Section 3: ACCIDENTS IN THE HOME (A&E TREATMENT)	A: How many people have been treated in A&E in the past year (Oct 2016 – Oct 2017) due to an accident in the home?	<i>See answer above for A&E</i>
	B: How many children aged 0-18 have been treated in A&E in the past year (Oct 2016 – Oct 2017) due to an accident in the home?	<i>See answer above for A&E</i>
	C: How many people over 65 years have been treated in A&E in the past year (Oct 2016 – Oct 2017) due to an accident in the home?	<i>See answer above for A&E</i>
Section 4: SOURCE OF ACCIDENTS	A: How many people have been treated in A&E in the past year (Oct 2016 – Oct 2017) due to leisure activities?	<i>See answer above for A&E</i>
	B: How many people have been treated in A&E in the past year (Oct 2016 – Oct 2017) due to an accident in education settings?	<i>See answer above for A&E</i>
	C: How many people have been treated in A&E in the past year (Oct 2016 – Oct 2017) due to an accident on the road?	<i>See answer above for A&E</i>
	D: How many people have been treated in A&E in the past year (Oct 2016 – Oct 2017) due to an accident at work?	<i>See answer above for A&E</i>
Section 5: FALLS	A: How many people have been treated in A&E in the past year (Oct 2016 – Oct 2017) due to a fall in the home?	<i>See answer above for A&E</i>
	B: How many adults over 65 have attended A&E in the past year (Oct 2016 – Oct 2017) due to a fall in the home?	<i>See answer above for A&E</i>

	C: How many people have died in the past year (Oct 2016 – Oct 2017) due to a fall in the home?	<i>See answer above for Mortality</i>
Section 6: CO	A: How many cases have attended A&E in the past year (Oct 2016 – Oct 2017) with suspected carbon monoxide poisoning?	<i>See answer above for A&E</i>
	A: How many cases of carbon monoxide poisoning have been treated in A&E the past year (Oct 2016 – Oct 2017)?	<i>See answer above for A&E</i>
	C: How many cases have been admitted from A&E in the past year (Oct 2016 – Oct 2017) for carbon monoxide poisoning treatment?	<i>9 Cases with a primary diagnosis of Carbon monoxide poisoning</i>
	D: How many people have died in the past year (Oct 2016 – Oct 2017) due to carbon monoxide poisoning?	<i>0 cases outcomed died with a primary diagnosis of carbon monoxide poisoning</i>
Section 7: ASTHMA	A: How many cases of asthma have been treated in A&E the past year (Oct 2016 – Oct 2017)?	<i>See answer above for A&E</i>
	B: How many cases have been admitted from A&E in the past year (Oct 2016 – Oct 2017) for asthma?	<i>771 Cases with a primary diagnosis of Asthma</i>
	C: How many people have died in the past year (Oct 2016 – Oct 2017) due to asthma?	<i>0 Cases outcomed died with a primary diagnosis of Asthma</i>

Section 8: ELECTRICAL ACCIDENTS	A: How many people have been treated in A&E in the past year (Oct 2016 – Oct 2017) due to an electrical accident in the home?	<i>See answer above for A&E</i>
