

Type of illness being treated	
Apr-17	Application of plaster cast
	Avulsion of nail
	Circumcision
	Cryotherapy to lesion of retina
	Curettage of lesion of eyelid
	Debridement Of Skin
	Examination of ear under anaesthetic
	Femur NEC
	Injection of therapeutic substance into joint
	Myringotomy with insertion of ventilation tube through tympanic membrane
	NULL
	Other specified approach to organ through other opening
	Other specified drainage of organ NOC
	Other specified manipulation of organ NOC
	Other specified other open operations on bone
	Probing of nasolacrimal duct NEC
	Removal of internal fixation from bone NEC
	Removal of metal from skin NEC
	Surgical exposure of tooth
	Tenotomy NEC
	Unspecified excision of tonsil
	Unspecified other excision of lesion of skin
	Unspecified other operations on eye
	Unspecified other placement of testis in scrotum
	Unspecified other reconstruction of joint
	Unspecified other reconstruction of ligament
	Unspecified other therapeutic endoscopic operations on bladder
	Unspecified surgical removal of tooth
Unspecified therapeutic endoscopic operations on cavity of knee joint	
Unspecified therapeutic endoscopic operations on ovary	
May-17	Avulsion of nail
	Circumcision
	Clavicle
	Correction of curly fifth toe
	Endoscopic cauterisation of lesion of bladder
	Examination of ear under anaesthetic
	Examination of joint under anaesthetic
	Examination of rectum under anaesthetic
	Excision of ganglion of wrist
	Injection of therapeutic substance into joint
	Microvascular transfer of testis to scrotum NEC
	Myringotomy with insertion of ventilation tube through tympanic membrane
	NULL
	Other specified freeing of tendon
	Other specified manipulation of organ NOC
	Other specified other open operations on bone
	Other specified other reconstruction of joint
	Other specified primary open reduction of fracture of bone and extramedullary fi
	Prepuce
	Primary repair of inguinal hernia using sutures
	Release of constriction of sheath of tendon
	Removal of foreign body from eye NEC

	Removal of internal fixation from bone NEC
	Removal of intrauterine contraceptive device NEC
	Repair of hypospadias
	Shave biopsy of lesion of skin of head or neck
	Surgical removal of impacted wisdom tooth
	Tenotomy NEC
	Total adenoidectomy
	Unilateral herniotomy
	Unspecified attention to artificial opening into ileum
	Unspecified other excision of lesion of skin
	Unspecified other operations on eye
	Unspecified other operations on muscle of eye
	Unspecified other operations on tendon
	Unspecified other reconstruction of ligament
	Unspecified other therapeutic endoscopic operations on bladder
	Unspecified plastic operations on penis
	Unspecified primary repair of umbilical hernia
	Unspecified surgical removal of tooth
Jun-17	Application of plaster cast
	Bilateral herniotomy
	Circumcision
	Clavicle
	Correction of entropion NEC
	Examination of ear under anaesthetic
	Examination of joint under anaesthetic
	Examination of rectum under anaesthetic
	Excision of ganglion of wrist
	Extraction of multiple teeth NEC
	Injection of therapeutic substance into joint
	Ligation of patent processus vaginalis
	Myringotomy with insertion of ventilation tube through tympanic membrane
	Nail bed
	NULL
	Other specified freeing of tendon
	Other specified manipulation of organ NOC
	Other specified open surgical fracture of bone
	Other specified other open operations on bone
	Other specified other reconstruction of ligament
	Prepuce
	Probing of nasolacrimal duct NEC
	Release of constriction of sheath of tendon
	Removal of internal fixation from bone NEC
	Repair of hypospadias
	Surgical exposure of tooth
	Tenotomy NEC
	Total adenoidectomy
	Unilateral herniotomy
	Unspecified excision of tonsil
	Unspecified other excision of bone
	Unspecified other excision of lesion of skin
	Unspecified other open operations on bone
	Unspecified other operations on tendon
Unspecified other reconstruction of ligament	
Unspecified primary repair of umbilical hernia	
Unspecified therapeutic endoscopic operations on cavity of knee joint	

Jul-17	Avulsion of nail
	Bilateral herniotomy
	Biopsy of lesion of lip
	Circumcision
	Debridement Of Skin
	Examination of ear under anaesthetic
	Examination of organ under anaesthetic NOC
	Excision of ganglion of wrist
	Excision of lesion of skin of head or neck NEC
	Extraction of multiple teeth NEC
	Injection of therapeutic substance into joint
	Injection of triamcinolone for local action
	Lengthening of tendon
	Myringotomy with insertion of ventilation tube through tympanic membrane
	NULL
	Other specified freeing of tendon
	Other specified manipulation of organ NOC
	Other specified other open operations on bone
	Permanent cross union epiphysiodesis
	Primary repair of inguinal hernia using sutures
	Reconstruction of intraarticular ligament NEC
	Removal of internal fixation from bone NEC
	Removal of metal from skin NEC
	Removal of pack from mastoid
	Tenotomy NEC
	Toe NEC
	Unilateral herniotomy
	Unspecified excision of tonsil
	Unspecified operations on hydrocele sac
	Unspecified other excision of appendix
	Unspecified other excision of lesion of skin
	Unspecified other open operations on bone
	Unspecified other operations on tendon
	Unspecified other placement of testis in scrotum
Unspecified other reconstruction of ligament	
Unspecified primary repair of umbilical hernia	
Unspecified surgical removal of tooth	
Unspecified therapeutic endoscopic operations on cavity of knee joint	
Aug-17	Application of external ring fixation to bone NEC
	Biopsy of lesion of eye NEC
	Circumcision
	Diagnostic Examination Of Peritoneum
	Division of cremaster
	Examination of ear under anaesthetic
	Examination of rectum under anaesthetic
	Excision of ganglion of wrist
	Extraction of multiple teeth NEC
	Hearing assessment
	Irrigation of nasolacrimal duct
	Myringotomy with insertion of ventilation tube through tympanic membrane
	NULL
	Other specified freeing of tendon
	Other specified manipulation of organ NOC
	Other specified other open operations on bone
Probing of nasolacrimal duct NEC	

	Removal of internal fixation from bone NEC
	Removal of ventilation tube from tympanic membrane
	Toe NEC
	Total adenoidectomy
	Unilateral herniotomy
	Unspecified excision of redundant skin of eyelid
	Unspecified excision of tonsil
	Unspecified exploration of other skin of other site
	Unspecified other excision of lesion of skin
	Unspecified other operations on tendon
	Unspecified other placement of testis in scrotum
	Unspecified primary repair of umbilical hernia
Sep-17	Adjustment to external fixation of bone NEC
	Avulsion of nail
	Bilateral dissection tonsillectomy
	Circumcision
	Debridement Of Skin
	Examination of joint under anaesthetic
	Excision of ganglion of wrist
	Excision of nail bed
	Extraction of multiple teeth NEC
	Freeing of adhesions of tongue
	Irrigation of nasolacrimal duct
	Lengthening of tendon
	Myringotomy with insertion of ventilation tube through tympanic membrane
	NULL
	Other specified freeing of tendon
	Other specified other open operations on bone
	Partial excision of nail NEC
	Release of constriction of sheath of tendon
	Scaphoid bone
	Tenotomy NEC
	Unspecified diagnostic endoscopic examination of lower bowel using fiberoptic si
	Unspecified excision of tonsil
	Unspecified injection of therapeutic substance
	Unspecified other excision of lesion of skin
	Unspecified other open operations on bone
	Unspecified other operations on tendon
	Unspecified other therapeutic endoscopic operations on bladder
	Unspecified plastic operations on penis
Unspecified recession of muscle of eye	
Unspecified stabilising operations on joint	
	Aspiration of joint
	Bilateral dissection tonsillectomy
	Bilateral recession of medial recti muscles of eyes
	Biopsy of lesion of eyelid
	Circumcision
	Curettage of lesion of eyelid
	Excision of ganglion of wrist
	Extraction of multiple teeth NEC
	Freeing of adhesions of prepuce
	Hearing assessment
	Injection of therapeutic substance into joint
	Myringotomy with insertion of ventilation tube through tympanic membrane
	NULL

Oct-17	Other specified freeing of tendon
	Other specified open surgical fracture of bone
	Other specified shave biopsy of skin
	Recession of lateral rectus muscle and resection of medial rectus muscle of eye
	Removal of foreign body from skin NEC
	Removal of internal fixation from bone NEC
	Removal of metal from skin NEC
	Resection of medial rectus muscle of eye NEC
	Tenotomy NEC
	Unspecified excision of tonsil
	Unspecified other excision of appendix
	Unspecified other open operations on bone
	Unspecified other operations on breast
	Unspecified other operations on tendon
	Unspecified removal of foreign body from organ NOC
Unspecified therapeutic endoscopic operations on cavity of knee joint	
Nov-17	Avulsion of nail
	Bilateral dissection tonsillectomy
	Bilateral recession of medial recti muscles of eyes
	Circumcision
	Curettage of lesion of eyelid
	Debridement Of Skin
	Diagnostic Examination Of Peritoneum
	Dressing of skin NEC
	Examination of eye under anaesthetic
	Excision of ganglion of wrist
	Extraction of multiple teeth NEC
	Freeing of adhesions of prepuce
	Hip NEC
	Injection of therapeutic substance into joint
	Myringotomy with insertion of ventilation tube through tympanic membrane
	Nail bed
	NULL
	Other specified correction of congenital deformity of hand
	Other specified freeing of tendon
	Other specified fusion of other joint and other articular bone graft
	Other specified open surgical fracture of bone
	Other specified other open operations on bone
	Other specified other reconstruction of bone
	Permanent cross union epiphysiodesis
	Primary tenolysis
	Proctectomy and anastomosis of colon to anus
	Recession of lateral rectus muscle and resection of medial rectus muscle of eye
	Release of constriction of sheath of tendon
	Removal of internal fixation from bone NEC
	Repair of hypospadias
Septoplasty of nose NEC	
Tenotomy NEC	
Unspecified diagnostic endoscopic examination of sigmoid colon using rigid sigmo	
Unspecified excision of tonsil	
Unspecified other excision of appendix	
Unspecified other excision of lesion of skin	
Unspecified other open operations on bone	
Unspecified stabilising operations on joint	
Unspecified therapeutic endoscopic operations on cavity of knee joint	

Dec-17	Avulsion of nail
	Change of plaster cast
	Circumcision
	Curettage of lesion of eyelid
	Debridement Of Skin
	Examination of joint under anaesthetic
	Excision of ganglion of wrist
	Extraction of multiple teeth NEC
	Frenuloplasty of penis
	Insertion of prosthetic replacement for lens NEC
	Irrigation of nasolacrimal duct
	Lengthening of tendon
	Myringotomy with insertion of ventilation tube through tympanic membrane
	NULL
	Other specified fusion of other joint and other articular bone graft
	Other specified open surgical fracture of bone
	Other specified other open operations on bone
	Other specified other operations on pilonidal sinus
	Other specified other primary fusion of other joint
	Other specified other reconstruction of ligament
	Permanent cross union epiphysiodesis
	Pinnaplasty
	Recession of inferior oblique muscle of eye
	Release of constriction of sheath of tendon
	Removal of foreign body from skin NEC
	Removal of internal fixation from bone NEC
	Removal of metal from skin NEC
	Tenotomy NEC
	Unspecified diagnostic endoscopic examination of sigmoid colon using rigid sigmo
	Unspecified excision of tonsil
	Unspecified other excision of lesion of skin
	Unspecified other open operations on bone
	Unspecified other operations on tendon
Unspecified therapeutic endoscopic operations on cavity of knee joint	
Jan-18	Bilateral dissection tonsillectomy
	Biopsy of lesion of conjunctiva
	Biopsy of lesion of external ear
	Biopsy of lesion of eye NEC
	Circumcision
	Curettage of lesion of eyelid
	Debridement Of Skin
	Evacuation of products of conception from uterus NEC
	Examination of ear under anaesthetic
	Excision of ganglion of wrist
	Extraction of multiple teeth NEC
	Incision of ear drum NEC
	Injection of therapeutic substance into joint
	Insertion of prosthetic replacement for lens NEC
	Myringotomy with insertion of ventilation tube through tympanic membrane
	NULL
	Other specified open surgical fracture of bone
	Other specified other internal fixation of bone
	Other specified other open operations on bone
	Other specified other operations on joint
	Primary tenolysis

	Recession of inferior oblique muscle of eye
	Release of constriction of sheath of tendon
	Removal of internal fixation from bone NEC
	Removal of ventilation tube from tympanic membrane
	Unspecified excision of tonsil
	Unspecified other excision of lesion of skin
	Unspecified other open operations on bone
	Unspecified other operations on muscle of eye
	Unspecified therapeutic endoscopic operations on cavity of knee joint
Feb-18	Correction of syndactyly of fingers using skin graft
	Curettage of lesion of eyelid
	Excision of excrescence of bone
	Extraction of multiple teeth NEC
	Injection of steroid for local action NEC
	Injection of therapeutic substance into joint
	Myringotomy with insertion of ventilation tube through tympanic membrane
	NULL
	Other specified open surgical fracture of bone
	Other specified other excision of bone
	Other specified other internal fixation of bone
	Other specified other open operations on bone
	Other specified other operations on joint
	Recession of lateral rectus muscle and resection of medial rectus muscle of eye
	Release of constriction of sheath of tendon
	Removal of internal fixation from bone NEC
	Removal of metal from skin NEC
	Restoration of part of tooth using filling NEC
	Tenotomy NEC
	Unspecified excision of tonsil
	Unspecified other excision of appendix
	Unspecified other excision of lesion of skin
	Unspecified other operations on tendon
	Unspecified other placement of testis in scrotum
Unspecified other reconstruction of ligament	
Unspecified primary repair of umbilical hernia	
Unspecified therapeutic endoscopic operations on cavity of knee joint	
Mar-18	Circumcision
	Debridement Of Skin
	Examination of ear under anaesthetic
	Extraction of multiple teeth NEC
	Injection of therapeutic substance into joint
	Injection of triamcinolone for local action
	Myringotomy with insertion of ventilation tube through tympanic membrane
	NULL
	Other specified manipulation of organ NOC
	Other specified open surgical fracture of bone
	Recession of medial rectus muscle and resection of lateral rectus muscle of eye
	Removal of internal fixation from bone NEC
	Resection of inferior oblique muscle of eye
	Unspecified excision of tonsil
	Unspecified other excision of lesion of skin
	Unspecified other placement of testis in scrotum
	Unspecified other reconstruction of ligament
	Unspecified primary repair of inguinal hernia
Unspecified therapeutic endoscopic operations on cavity of knee joint
