Freedom of Information Act 2000 – Request for Information

Thank you for your request for information received on 21 January 2019 in relation to the County Durham and Darlington NHS Foundation Trust (Trust). We are dealing with your request under the provisions of the Freedom of Information Act 2000.

You requested information regarding assault related injury. Specifically you requested information as follows:

We are conducting an annual national study of attendances to Emergency Departments for assault-related injury and would be grateful if your department could provide us with attendance data for 2018.

This data will be used, as in previous years, to analyse trends in violence in England and Wales from injury perspective. You can read more about the group and how your data has been used by following this link: <http://www.cardiff.ac.uk/violence-research-group>

The data we require are as follows (for period 1st January 2018 and 31st December 2018) in an electronic format that allows us to read the data into a database. Many hospitals respond to our survey and provide data in the form we require. Preferably this format is in an excel file or comma separated text file.

We require the gender of the patient (M or F), the date that they attended due to assault (dd/mm/yyyy) and their age. Age can either be numerical to the nearest year (preferred) or in age bands ("0-10", "11-17", "18-30", "31-50", "51+"), we can also accept date of birth.

To calculate the level of assault-related injury in England and Wales we also require the total number of attendances for any reason in the year of interest, i.e. 2018.

The Data Protection Act places restrictions on what data can be shared. It is the view of nearly 160 hospitals in England and Wales that the data we are requesting (age, date of attendance and gender) do not constitute personal information and that it is not realistic to expect that information to be used to discover an individual's identity.

County Durham and Darlington NHS Foundation Trust replies:

Please find file attached as requested and the required total number of attendances for any reason in the year of interest, i.e. 2018 was 130,991.

In line with the Information Commissioner's directive on the disclosure of information under the Freedom of Information Act 2000 your request will form part of our disclosure log. Therefore, a version of our response which will protect your anonymity will be posted on the County Durham and Darlington NHS Foundation Trust website.

If you have any queries or wish to discuss the information supplied, please do not hesitate to contact me on the above telephone number or at the above address.

If you are unhappy with the way your request for information has been handled, you can request a review by writing to:
