Freedom of Information Act 2000 – Request for Information

Thank you for your request for information received on 27 November 2019 in relation to the County Durham and Darlington NHS Foundation Trust (Trust). We are dealing with your request under the provisions of the Freedom of Information Act 2000.

You requested information regarding Hospital Acquired Pneumonia. Specifically you requested information as follows:

Within Darlington Memorial Hospital, how many 'in patients' have died from Hospital Acquired Pneumonia (HAP) over the last 5 years and what proportion of the total 'in patient' deaths did that number represent?

County Durham and Darlington NHS Foundation Trust replies:

Answer: The Trust's Lead Clinician for Pathology has confirmed that very few incidents are likely to be coded specifically as HAP, given the difficulty of identifying exactly where an infection was acquired, plus cause of death in many cases will be of clinical opinion rather than Post Mortem based therefore on this occasion the Trust is unable to provide you with the information requested.
