Freedom of Information questions

For each of the acute hospitals in your Trust that admits adults and participates in the National Cardiac Arrest Audit (NCAA) please provide the information requested below. Please complete a separate form for each hospital.

Hospital name:	University Hospital of North Durham

1. In the table below please complete the following:

   a. Since 1st January 2015 what systems have been used at the hospital for recording advance decisions for use in a medical emergency for adult patients (over the age of 18)?

   b. When did the hospital start and finish using each system (please give month and year).

System	Not Used	Used	If used:	
			Start date *MMM-YY; e.g. Aug 16*	End date *MMM-YY; e.g. Aug 16* *If still currently in use please write in "to date"*
Do Not Attempt Cardiopulmonary Resuscitation (DNACPR) only	☐	☒	We use Regionally agreed 'Deciding Right' process	To date
A separate DNACPR form plus a separate treatment escalation plan	☒	☐		
Recommended Summary Treatment Plan for Emergency Care and treatment (ReSPECT)	☒	☐		
Other Emergency Care and Treatment Plan/Treatment escalation plan e.g. TEP, UFTO (Universal Form of Treatment Options)	☐	☒	Emergency Health Care Plan is an option that could be used as part of deciding right. Usage is very limited.	To date
Other – please specify here:	☒	☐		

2. If the hospital named above has used ReSPECT, please answer the following questions:

Answer: N/A

a. When the hospital started using ReSPECT for adult inpatients how was it implemented?
    (*Please tick one)*

• Across the whole hospital all at once	☐	- ***end of questions***
• Implemented in stages (e.g. piloted in a few wards first)	☐	- *please answer question b*

b. If implemented in stages are all adult inpatient wards/units currently using ReSPECT?
    (*Please tick one*)

• Yes	☐	- *please answer question b.(i)*
• No	☐	- *please answer question b. (ii)*

(i) If yes, what was the date ReSPECT was fully rolled out across all adult inpatient wards/units?

Date (dd-mon-yyyy):	

(ii) If no, approximately what percentage of adult inpatient wards/units currently use ReSPECT? (*Please tick one*)

• 75-99%	☐
• 50-74%	☐
• 25-49%	☐
• 1-24%	☐
