Freedom of Information Act 2000 – Request for Information

Thank you for submitting a further query on 12 June 2020 following our response letter to your original Freedom of Information request dated 12 June 2020.

Firstly, please accept my apologies for the time it has taken to respond. We have processed your enquiry through the Freedom of Information request process and are now able to provide the following response in relation to your specific enquiry:

Please could you confirm the main EPR system (e.g. Cerner Millennium, EPIC etc.) in place at your Trust?

The Trust does not have a main ERP system.

The Trust is a combined acute and community Trust and is currently in the process of procuring an EPR to replace relevant existing corporate and clinical systems. The main solution in place to support management of our acute services is iCM Clinical Manager and we use SystemOne to support the delivery of our community services.

In line with the Information Commissioner's directive on the disclosure of information under the Freedom of Information Act 2000 your request will form part of our disclosure log on the Trust's website. However please be assured that we anonymise all responses prior to adding them to the disclosure log.

I hope that this response has provided you with the information you had requested. If you have any queries or wish to discuss the information supplied, please do not hesitate to contact me by telephone or in writing. If however, you are dissatisfied with the way in which your request has been handled and would like an internal review, you will need to contact me in writing at the above address or via cdda-tr.cddftfoi@nhs.

If you remain dissatisfied with our response following an internal review you have the right to appeal to The Information Commissioner at Wycliffe House, Water Lane,

Wilmslow, Cheshire, SK9 5AF. More information is available on their website;
www.ico.gov.uk.

Yours sincerely

Joanna Tyrrell
Freedom of Information Officer
